ABOUT ME

Front-end Developer with over 2 years of experience, dedicated to crafting pixel-perfect designs and delivering seamless user experiences. Proven ability to adapt quickly, communicate effectively, and collaborate within agile teams to achieve innovative solutions. Committed to continuous learning and delivering software solutions that meet the highest standards of quality and user satisfaction.

EXPERIENCE

Frontend Developer Intern

Globant - Part-time

Argentina

Jul. 2024 - Oct. 2024

- **Led the code review process of the Intern Team**, performing over 100 Pull Request reviews, identifying and addressing performance bottlenecks, and ensuring adherence to best practices, which **improved code quality, reduced bugs by 20%, and improved project stability by 30%**.
- **Collaborated on the application's architecture**, designing and implementing **scalable, modular solutions** and adhering to clean code principles, resulting in easier maintenance and enhanced **long-term scalability** of the platform.
- **Optimized site performance and accessibility** by leveraging Lighthouse and Page Speed Insights, achieving a **35% improvement in page load speed**, improving **mobile performance by 20%**, and ensuring WCAG 2.1 compliance to enhance **usability for all users**.

FullStack Developer

Infocor Multimedia S.I - Full-time

Spain (Remote)

2022 - 2024 Jul. 2024

- **Delivered high-quality code on time** for client-facing projects, consistently meeting deadlines and project requirements, leading to **90%+ client satisfaction** and increased repeat business.
- **Contributed to the migration of a legacy application** to a modern React-based architecture, introducing modular components and improving code maintainability, **which accelerated feature delivery by 25%**.
- **Developed a modular and reusable front-end architecture**, streamlining the development process and **reducing code duplication by 40%**, which **improved maintainability and scalability**.
- **Contributed to the development of scalable APIs** using Node.js and Express.js, enabling **real-time data synchronization** and **seamless integration** with front-end applications, **enhanced app experience and user engagement**.
